

# Flex

## Canopy Crop Management

### Safety Data Sheet

Revision date: 15 July 2022

Print date: 15 July 2022

Version: Rev 1

## 1. Product and Company Identification

### 11.1 Product identifiers

Product Name	Flex
Producer	Canopy Crop Management
Product Number	No data available
CAS-No.	Mixture

### 1.2 Identified uses of the product and uses advised against

Identified Uses	Agricultural
-----------------	--------------

### 1.3 Details of the chemical supplier

Company	Canopy Crop Management
Address	5619 DTC Parkway Suite 900 Greenwood Village, CO 80111
Telephone:	(415) 460-7295

### 1.4 Emergency phone number

Emergency phone number	(415) 460-7295
------------------------	----------------

## 2. Hazards Identification

### 2.1 Classification of the substance or mixture

GHS Class	Acute Toxicity (Oral), Category 5 Skin Irritation, Category 3 Eye Irritation, Category 2B
-----------	---

#### Classification according to Regulation (EC) No 1272/2008

Based on present data no classification and labeling is required according to Directive 1272/2008/EC and its amendments (CLP Regulation, GHS).

#### Classification according to Directive 67/548/EEC or Directive 1999/45/EC

According to present data no classification and labeling is required according to Directives 67/548/EEC or 1999/45/EC.

### 2.2 GHS Label elements, including precautionary statements

GHS Pictograms	None
Signal word	Warning
Hazard statements	H303 – May be harmful if swallowed H316 – Causes mild skin irritation H320 – Causes eye irritation

Precautionary statements	P332 + P310 + P313 If skin irritation occurs: Get medical advice/attention. P305 + P310 + P351 + P338 – IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor/physician. P304 + P312 + P340 – IF INHALED: Remove person to fresh air and keep at rest in a position comfortable for breathing. Call a poison center or doctor/physician in you feel unwell.
--------------------------	--

### 3. Composition/Information on Ingredients

#### 3.1 Product mixture

Synonyms	No data available
Formula	No data available; mixture
Molecular wt	No data available
CAS-No.	Mixture

Chemical Name	CAS-No.	Ingredient Percent
Water	7732-18-5	Proprietary
Monopotassium Phosphate	7778-77-0	Proprietary
Liquid Dipotassium Phosphate	Mixture	Proprietary
Manganese 13% EDTA	Mixture	Proprietary
Zinc EDTA 14%	Mixture	Proprietary
Citric Acid 50%	Mixture	Proprietary
PX2	Mixture	Proprietary

Remarks	There are no additional hazardous ingredients greater than or equal to 1.0 wt% concentration or carcinogenic ingredients greater than or equal to 0.1 wt% concentration.
---------	--

### 4. First Aid Measures

#### 4.1 Description of first aid measures

General advice	Consult a physician. Show this safety data sheet to the doctor in attendance.
Skin contact	First aid is not normally required. If irritation occurs, wash off with a disinfectant soap and water. Consult a physician if symptoms occur.
Eye contact	Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician if symptoms occur.
Inhalation	In case of difficult breathing, move person to fresh air. Consult a physician if symptoms occur.
Ingestion	Rinse mouth. Do NOT induce vomiting. Immediately get medical advice/attention.

#### 4.2 Most important symptoms and effects, both acute and delayed

Symptoms and effects	The most important known symptoms and effects are described in the labelling (see section 2.2) and in section 11.
----------------------	---

#### 4.3 Indication of any immediate medical attention and special treatment needed

Other first aid	No data available
-----------------	-------------------

### 5. Fire Fighting Measures

#### 5.1 Suitable (and unsuitable) extinguishing media

Suitable extinguishing media	Use alcohol-resistant foam, dry chemical or carbon dioxide. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
------------------------------	---

#### 5.2 Special hazards arising from the substance or mixture

Special hazards	Thermal decomposition can lead to release of irritating gases and vapors.
-----------------	---

#### 5.3 Advice for firefighters

Protective equipment	Wear full protective clothing and self-contained breathing apparatus with full facepiece operated in the pressure-demand or other positive pressure mode.
----------------------	---

### 6. Accidental Release Measures

#### 6.1 Personal precautions, protective equipment, and emergency procedures

Personal precautions	For personal protection see section 8.
----------------------	--

**6.2 Environmental precautions**

Environmental precautions Place waste in an appropriately labeled container for disposal. Recover as much of the material as possible. Care should be taken to avoid environmental release.

**6.3 Methods and materials for containment and cleaning up**

Methods for cleanup Take up with sand or other non-combustible absorbent material and place into containers for later disposal. Dispose of via a licensed waste disposal contractor. Following product clean up, flush area with water.

**6.4 References to other sections**

Other references For disposal see section 13.

**7. Handling and Storage****7.1 General hygiene considerations**

General hygiene Avoid contact with skin and eyes. In case of large quantities of vapor or dust, use local exhaust or general dilution ventilation to control exposure within applicable limits. For precautions see section 2.2.

**7.2 Precautions for safe handling**

Safe handling precautions Handle in accordance with good industrial hygiene and safety practice. Storage in large quantities should be a well ventilated, cool area.

**7.3 Conditions for safe storage, including any incompatibilities**

Other storage conditions Store in tightly closed original container. Store in a cool, dry area away from heat sources, sun-light and moisture. Keep air contact to a minimum. Keep away from incompatible materials such as oxidizing agents. Do not store with aluminum, product may be corrosive to aluminum.

**8. Exposure Controls/Personal Protection****8.1 Control and exposure limits recommended by the chemical manufacturer**

OSHA standards Not available - not determined

ACGIH TLV Not available - not determined

NIOSH recommendations Not available - not determined

**8.2 Appropriate engineering controls**

Engineering controls Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of day. Use adequate ventilation where dust forms to keep concentration under exposure control limits. Keep away from high temperatures and sources of ignition.

**8.3 Individual protection measures, such as personal protective equipment**

Respiratory protection Where risk assessment shows air-purifying respirators are appropriate use a full-face respirator with multipurpose combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Eye/face protection Safety glasses with side-shields conforming to EN166 are recommended. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166 (EU).

Hand protection Handle with chemical resistant gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

Body protection Wear impervious clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

**9. Physical and Chemical Properties****9.1 Information on basic physical and chemical properties**

- |                              |                   |
|------------------------------|-------------------|
| a) Appearance                | Clear liquid      |
| b) Odor                      | No odor           |
| c) Odor threshold            | No data available |
| d) pH                        | No data available |
| e) Melting/freezing point    | No data available |
| f) Boiling point             | No data available |
| g) Flash point               | No data available |
| h) Evaporation rate          | No data available |
| i) Flammability (solid, gas) | Not flammable     |

j)	Upper/lower flammability or explosive limits	Upper (UEL): No data available Lower (LEL): No data available
k)	Vapor pressure	No data available
l)	Vapor density	No data available
m)	Relative density	No data available
n)	Water solubility	Soluble
o)	Partition coefficient octanol/water	No data available
p)	Auto-ignition temp	No data available
q)	Decomposition temp	No data available
r)	Viscosity	No data available

## 10. Stability and Reactivity

### 10.1 Reactivity

Reactivity No data available

### 10.2 Chemical stability

Chemical stability Stable under ordinary conditions of use and storage.

### 10.3 Possibility of hazardous reactions

Hazardous reactions No data available

### 10.4 Conditions to avoid

Conditions to avoid Contact with incompatible chemicals.

### 10.5 Incompatible materials

Incompatible materials Strong bases. Oxidizing agents. Corrosive to aluminum.

### 10.6 Hazardous decomposition products

Hazardous products None under normal processing. In the event of fire, see section 5.

## 11. Toxicological Information

### 11.1 Information on toxicological effects

#### Acute toxicity

Acute oral toxicity No data available

Acute dermal toxicity No data available

Acute inhalation toxicity No data available

#### Skin corrosion/irritation

Skin corrosion irritation Causes mild skin irritation

#### Serious eye damage/eye irritation

Eye damage/eye irritation Causes eye irritation

#### Respiratory or skin sensitization

Respiratory sensitizer No data available

Skin sensitizer No data available

#### Germ cell mutagenicity

Mutagenicity No data available

#### Suspected cancer agent

ACGIH No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen.

NTP No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen.

OSHA No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen.

IARC No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen.

#### Reproductive toxicity

Reproductive toxicity This product is not reported to produce mutagenic, embryotoxic, teratogenic, or reproductive effects in humans.

**Aspiration hazard**

Aspiration hazard No data available

**12. Ecological Information****12.1 Ecotoxicity (aquatic and terrestrial)**

Ecotoxicity No data available

**12.2 Persistence and degradability**

Degradability No data available.

**12.3 Bioaccumulation potential**

Bioaccumulation No data available

**12.4 Mobility in soil**

Mobility in soil No data available

**12.5 Results of PBT and vPvB assessment**

PBT/vPvB assessment Not available as chemical safety assessment not required/not conducted.

**13. Disposal Considerations****13.1 Waste treatment methods**

Waste treatment disposal Waste disposal must be in accordance with appropriate Federal, State, and local regulations. This product, if unaltered by use, may be disposed of by treatment at a permitted facility or as advised by your local hazardous waste regulatory authority.

**14. Transport Information****DOT**

Not regulated.

**TDG**

Not regulated.

**IMDG**

Not regulated.

**IATA**

Not regulated.

**15. Regulatory Information****15.1 Safety, health, and environmental regulations specific to the product or mixture**

SARA 302 Components	No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.
SARA 313 Components	This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.
TSCA	All components of this product are in compliance with the inventory listing requirements of the U.S. Toxic Substances Control Act (TSCA) Chemical Substance Inventory.
EINECS	All components of this product are on the European Inventory of Existing Commercial Chemical Substances.
Canada DSL	All components of this product are on the Canada Domestic Substance List.
CA Prop. 65 Components	This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.
State Regulatory Lists:	Each state may promulgate standards more stringent than the federal government. This section cannot encompass an inclusive list or all state regulations. Therefore, the user should review the components listed in Section 2 and consult state or local authorities for specific regulations that apply.

**16. Other Information**

Revision Date 15 July 2022

The information contained herein is based on data considered accurate. However, no warranty is expressed or implied regarding the accuracy of these data or the results to be obtained from the use thereof. Canopy Crop Management assumes no responsibility for injury to the vendee or third persons proximately caused by the material if reasonable safety procedures are not adhered to as stipulated in the data sheet. Additionally, Canopy Crop Management assumes no responsibility for injury to vendee or third persons

proximately caused by use of the material even if reasonable safety procedures are followed. Furthermore, vendee assumes the risk in his use of the material.

Abbreviations and acronyms

- IMDG - International Maritime Code for Dangerous Goods
- IATA - International Air Transport Association
- GHS - Globally Harmonized System of Classification and Labelling of Chemicals
- PBT - Persistent, bioaccumulative and toxic assessment
- vPvB - Very persistent and very bioaccumulative assessment
- ACGIH - American Conference of Governmental Industrial Hygienists
- NIOSH - National Institute for Occupational Safety and Health
- TLV - Threshold Limit Values
- CAS - Chemical Abstracts Service (division of the American Chemical Society)
- NFPA - National Fire Protection Association
- HMIS - Hazardous Materials Identification System
- CFR - Code of Federal Regulations
- SARA - Superfund Amendments and Reauthorization Act
- DOT - US Department of Transportation
- EC50 - Half maximal effective concentration
- LD50 - Median lethal dose
- LC50 - Median lethal concentration
- SDS - Safety Data Sheet
- PEL - Permissible Exposure Limit
- TSCA - Toxic Substances Control Act
